TRURO COLLEGE

Number Natter...

This course is designed for everyone, regardless of where you stand on the love-hate spectrum. Whether you're petrified of the subject or just mildly anxious, this is your chance to rewrite your relationship with maths. Let's dive into the depths of your mathematical experiences, unpack the roots of your fears and discover hidden potentials along the way.

Attend one session starting week of 3rd June until week of 1st July.

Number Natter - Mondays - 5.30 - 7.30

Number Natter - Tuesdays - 5.30 - 7.30

Number Natter - Wednesdays - 4.30 - 6.30

Mind The Gap...

Aims to help you progress by providing you with the confidence and ability to take the leap towards achieving a maths qualification. Whether you are struggling to pass your Level 2 Functional Skills in Maths or want some support before you start a FS course, 'Mind the Gap' sessions are here to help you take the next steps.

Contact us for a time and date that suits you

Refresh...

Confidence building sessions for adults who want to complete a Functional Skills or GCSE qualification but don't quite feel ready. Explore and learn many maths methods which will support your progress towards a formal qualification. Refresh is a programme of 4 sessions which concentrate on building your skills in specific key areas.

ADULT EDUCATION

Pre-GCSE Multiply Courses...

These courses are designed for learners that want to prepare for a maths GCSE course. The course will equip the learners with the skills they need to be able to progress onto the GCSE maths course. The learners must be working at a level 2 FS in maths to be able to enrol on the course.

Tuesdays for 4 weeks 30th July and 6th, 13th, 20th August.

Liskeard 9.30am to 12noon

Bodmin 1.30pm to 4pm

Online 5pm to 7pm

Wednesdays for 4 weeks 31st July and 7th, 14th and 21st August.

Newquay Link into Learning 9.30am to 12noon.

Numeracy with Nature...

This course offers six sessions using maths in nature/outdoors. You will learn practical maths skills that are sometimes hard to master in the class room environment. This course will build confidence with number in an informal setting.

Contact us for dates and times that suit you.

Numeracy with Animal Care...

This course offers six sessions using number in the animal care environment. You will learn practical skills that will build your confidence with number, while learning hands on animal care skills. A bolt on animal care qualification can also be offered.

Contact us for dates and times to suit you.

Multiply

ADULT EDUCATION

Nifty Number...

This is an informal course that can help you build skills and confidence with number. Our tutors can work to build on those forgotten skills and raise confidence to help support you on the journey into employment, budgeting or further qualifications.

Contact us for dates and times to suit you.

BROADCASTS

National Numeracy Day...

May 22nd, 1-2pm
Watch Live [HERE!](#)

We have three live guests...

Taor McDougall - a Multiply customer who studied at Truro and Penwith College. She will be talking about her experience and how Multiply has helped her with her job.

Tom Smith - Project Outreach Officer at Cornwall College. He will be talking to us about some of the groups they have been working with and how Multiply has helped them.

Emily Marshall - Community Coach at Pluss. Emily has been running 'Pluss Me' groups for people with learning disabilities and will be talking to us about how Multiply has helped these groups to move into employment.

Video content...

CHAOS at Eden Activity Day, content provided by Cornwall College
Clips to showcase numeracy used in different industries
Video content provided by Truro and Penwith.

Our Next Broadcasts...

September 2024 - Theme around supporting parents with children going back to school. More details to follow closer to the time

November 2024 - Theme around getting ready for Christmas on a budget. More details to follow closer to the time

Our Last Broadcast...

If you missed our valentines 'Love Maths' broadcast in February, you can watch it back [HERE!](#)

TOOLKITS

On our website, we have saved some links to resources that your learners may find useful. From measuring guides to our very own budgeting tool, its worth checking out. You can find them [HERE!](#)

You can also find National Numeracy's family maths toolkit [HERE!](#)
